DETAILED ACTION

Response to Amendment

Applicant has cancelled claim 2 and included the limitations of claim 2 in independent claim 1. Therefore, subject matter indicated as allowable in the previous office action is now included in the independent claim. Hence, claim 1 is allowed.

Ex Parte Quayle

This application is in condition for allowance except for the following formal matters:

- Drawing objection to Figure 16 (see below).

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Drawings

Figure 16 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

Claims 1 is objected to because of the following informalities:

- In claim 1, line 10 -- “exuection” should be “execution”.
- In claims 3, 4 and 19 the recitation of “the structure” is unclear. It appears the claims should recite a biasing structure. Examiner suggests in claim 3, rewriting line 2 so as to read, “feeding means by a biasing structure which is formed so as ...” Further, in claim 4 and 19, the addition of the word “biasing” before “structure” would overcome the objection.
- In claim 5, line 2 -- the word “a” should be inserted between “along” and “straight”
- In claim 6, line 2 -- the word “sightable” is unclear.
- In claim 8, line 2 -- the fraction “ $1/\tan\beta$ ” should not be in parenthesis, as matter enclosed in parenthesis in claims is not given weight.
- In claim 18, line 3 -- “sheet” should be “sheets”

Appropriate correction is required.

Allowable Subject Matter

Claims 1 and 3-27 are allowed.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
